"I have been raving to my associates on what a wonderful service you provide. I think every hospital should offer your services to families of patients. The social worker at Mass General merely provided a listing of funeral homes in the area. How would I ever have determined who to go with - I might very well have picked one that charged thousands more than what I paid and certainly I would not have known or had the energy to shop for the best value on my own."		MA	Kathy H.
